FURNITURE

Thank you for ordering a pair of PILE boxes.

Handle your new boxes with care especially before they're assembled. Twisting and bending them can make the paper crack. We're shipping the boxes flat as it feels like such a stupid thing to ship air.

How to mount the boxes:

1. Remove the protective M3 tape paper.
2. Attach the flaps. The flaps should be placed on the inside of the box.
3. Have coffee and sort your stuff. Put your most secret things in the boxes.

Please note that the colours can fade by time and while exposed to sunlight.
